### *Strengthening nurturing care through health and nutrition services: What can managers and practitioners do?*

GLOBAL Resources		
Author(s)	Title + Link	Description
WHO/UNICEF	Nurturing care practice guide (WHO/UNICEF, 2022) <a href="https://nurturing-care.org/practiceguide">https://nurturing-care.org/practiceguide</a>	This guide explains how to adapt health and nutrition services to be supportive of nurturing care and strengthen caregivers' capacity.
WHO/UNICEF/World Bank Group/ECD Action Network/Partnership for Maternal, Newborn and Child Health	Operationalizing nurturing care for ECD: Health sector alongside other sectors (2019) <a href="https://nurturing-care.org/operationalization-of-the-nurturing-care-framework/">https://nurturing-care.org/operationalization-of-the-nurturing-care-framework/</a>	This guidance aims to catalyse country-level dialogue and action focusing on health service delivery and systems strengthening while also outlining complementary actions by other sectors.

WHO/UNICEF	Nurturing care handbook (2022) <a href="https://nurturing-care.org/handbook">https://nurturing-care.org/handbook</a>	This Handbook is part of a set of resources to support implementation of the Nurturing Care Framework.
WHO	Global Scales for Early Development (GSED) v1.0 (WHO, 2023) <a href="https://www.who.int/publications/i/item/WHO-MSD-GSED-package-v1.0-2023.1">https://www.who.int/publications/i/item/WHO-MSD-GSED-package-v1.0-2023.1</a>	The Global Scales for Early Development (GSED) is an open-access package specifically designed to provide a standardized method for measuring development of children up to 36 months of age at population and programmatic level globally.
WHO/UNICEF/JICA	Strengthening implementation of home-based records for maternal, newborn and child health: A guide for country programme managers (2022) <a href="https://www.who.int/publications/i/item/9789240060586">https://www.who.int/publications/i/item/9789240060586</a>	This guide provides decision-making tools and activities, links to existing resources and examples from countries that can be used to strengthen processes for planning, design, implementation and monitoring of home-based records.
WHO	WHO guidelines on parenting interventions to prevent maltreatment and enhance parent-child relationships with children aged 0-17 years (WHO, 2022) <a href="https://www.who.int/teams/social-determinants-of-health/violence-prevention/parenting-guidelines">https://www.who.int/teams/social-determinants-of-health/violence-prevention/parenting-guidelines</a>	The guidelines are relevant to low-, middle- and high-income countries in all world regions. The recommendations are intended for a wide audience, including policy makers, development agencies and implementing partners, government health and social workers, and nongovernmental organizations.

Author(s)	Title + Link	Description
WHO Europe	WHO Pocket book of primary health care for children and adolescents (WHO Europe, <b>2022</b> ) <ul style="list-style-type: none"> <li>• English: <a href="https://apps.who.int/iris/handle/10665/352485">https://apps.who.int/iris/handle/10665/352485</a></li> <li>• Ukrainian: <a href="https://apps.who.int/iris/handle/10665/366368">https://apps.who.int/iris/handle/10665/366368</a></li> <li>• Russian: <a href="https://apps.who.int/iris/handle/10665/366434">https://apps.who.int/iris/handle/10665/366434</a></li> </ul>	This Pocket Book is for use by doctors, nurses and other health workers who are responsible for the care of children and adolescents at the primary health care level. It summarizes guidance on how to manage – and when to refer – children and adolescents presenting with common complaints and conditions.
WHO Europe	Child and adolescent health in Europe: Towards meeting the 2030 agenda, Journal of Global Health <b>2023</b> ; 13:04011. <a href="https://jogh.org/wp-content/uploads/2023/01/jogh-13-04011.pdf">https://jogh.org/wp-content/uploads/2023/01/jogh-13-04011.pdf</a>	The WHO Regional Office for Europe developed the European strategy for child and adolescent health 2015–2020, which was adopted by all countries. This paper reports progress in the strategy’s implementation until 2020.
WHO Europe	Framework on Early Childhood Development in the WHO European Region (WHO Europe, <b>2020</b> ) <ul style="list-style-type: none"> <li>• English: <a href="https://apps.who.int/iris/handle/10665/332068">https://apps.who.int/iris/handle/10665/332068</a></li> <li>• Russian: <a href="https://apps.who.int/iris/handle/10665/332069">https://apps.who.int/iris/handle/10665/332069</a></li> </ul>	This European framework highlights three areas for ECD in Europe: young children’s needs, monitoring a child’s development and responding to developmental concerns, and the social and environmental risks to development. It aims to inform countries on measures they can

		take to enable young children to reach their full potential.
WHO Europe	Situation of child and adolescent health in Europe (WHO Europe, <b>2018</b> ) <a href="https://apps.who.int/iris/handle/10665/342237">https://apps.who.int/iris/handle/10665/342237</a>	To promote child health in Europe, the World Health Organization Regional Office for Europe developed the child and adolescent health strategy (2015–2020), which was adopted by all Member States of the WHO European Region. This report helps to review achievements and address gaps in realizing the full potential for the health and well-being of children and adolescents.
WHO Europe	Use of home-based records for children in the countries of the WHO European Region (WHO Europe, <b>2020</b> ) <a href="https://www.who.int/europe/publications/i/item/WHO-EURO-2020-5565-45330-64874">https://www.who.int/europe/publications/i/item/WHO-EURO-2020-5565-45330-64874</a>	A home-based record (HBR) system has long been promoted by WHO as an effective tool for child health. The record contents, design and operation are unique to each individual country. This report compares the contents and processes for HBR use in all countries of the WHO European Region.

R4D/ISSA	<p>Home Visiting Workforce Needs Assessment Tool and User's Guide (2020)</p> <p><a href="https://www.healthforecd.com/node/104">https://www.healthforecd.com/node/104</a></p> <ul style="list-style-type: none"> <li>• Available in English, Arabic, French, Portuguese, Russian, and Spanish</li> </ul>	<p>The Home Visiting Workforce Needs Assessment Tool aims to help Ministries and government agencies reflect on the ways in which they can support personnel delivering home visiting programs across sectors for pregnant mothers and caregivers with children under 3.</p>
UNICEF ECARO/ISSA	<p>Supporting Families for Nurturing Care: Resource Modules for Home Visitors (UNICEF ECARO &amp; ISSA, 2022)</p> <p><a href="https://www.issa.nl/content/supporting-for-families-nurturing-care">https://www.issa.nl/content/supporting-for-families-nurturing-care</a></p>	<p>UNICEF/ISSA "Supporting Families for Nurturing Care" resource modules training package support different components of Nurturing Care and cover topics that are not routinely a part of pre-service or in-service nursing and medical education in the region.</p>
